MEMORANDUM FOR: Chief of Administration,
Office of the Deputy Director (Plans)

SUBJECT : Discussion of Certain Principles [REDACTED]
25X1C [REDACTED]

25X1C

1. The attached statement of principles concerning [REDACTED] mechanisms has been discussed on an informal basis with the [REDACTED]. They both heartily concurred with the general tenor of the attached and indicated further that it was completely consistent with their memorandum to you dated 24 September 1953. In addition, there was strong interest displayed in having the substance of the attached become a part of the policy of the Agency.

2. I believe there is a necessity for having a statement of principles on this subject become established as policy. Normally, policy is expressed in regulatory issuances. If the attached principles adequately express the views of the DD/P organization, I suggest that you may wish to initiate the specific regulation which would express the policy concerned. If you prefer, however, I shall be glad to request that the actual regulation be prepared by the appropriate component of DD/A in coordination with other offices concerned.
